This game incorporates dynamic advertisement serving technology offered by Massive Inc. which enables advertising to be temporarily uploaded into the game on your PC or console, and replaced while you are online. Massive only logs information that is needed to measure presentation of, and serve advertising to the appropriate geographic region, and to the right location within the game. Logged data may include Internet Protocol Address or gamer tag, in game location, length of time an advertisement was visible, size of the advertisements, and angle of view. This information may be used to calculate the number of unique and repeat views of dynamic in game advertising. The logged information is not used to personally identify you. This ad serving technology is integrated into the game; if you do not want to use this technology, do not play the game while connected to the Internet.
